

SSE Riga & RGS SA meeting Jan 16, 2012

Introduction (name, surname, position)

Update on RGSL lobby development

It will be ready by March hopefully, couches, probably a café. Next year they will have ca 120 new students.

Opened discussions about people fighting for seats in the lobby. The tables had some scratches after a party (freshly renovated tables).

RGSL students allowed SSE Riga students to use their room for finance studies.

RGSL says that the problem is mostly from SSE Riga side. The biggest problem is the lack of space.

Next discussion will be when the lobby has been finished.

Valentine's day banquet

- Opinions about joint party, date (testing new form)
 - Shared expenses, working out a ration
- Only one Valentines Day party, RGSL agrees on a joint party. The possibility of only 1 joint party to see the results was stated.
- Kissing booth idea & photographer. Photos would be posted on Facebook. Ads on fb, twitter, posters. RGSL has a "poster-guy".

Official opening of the Leisure room

- Previous SSE Riga SA suggested it. It could be possible to open it during Valentines party. The point is just to announce to students that the Leisure room is opened now. RGLS wants to buy Dance-dance revolution. TV is not plugged and there are some missing wires.

- Usage rules for the room were prepared but were never posted on the wall.

Q&A

RGLS: Swedbank project "Open mind" – they give you money for the benefit of people or environment. Business coms should come together and discuss it. Ideas: recycling, bikes.

RGSL: Where did you get SSE Riga hoodies?

SSE Riga: They came from Poland; logos were done in Lithuania and brought to Latvia. At the moment we are working on a project for a SSE Riga jacket.

RGSL: Do you go to schools in Estonia and Lithuania to introduce your schools?

Would it be possible to join you to promote RGSL?

SSE Riga: Usually we go to our previous schools and before going home.

RGSL: Floor ball practice question. We would like to join you.

SSE Riga: We are paying fees for the floor ball championship already

RGSL: study room code: c1627y ; computer lab: c6890x

RGSL: LSA question; they want to leave Latvian Student Association; a new organization for private schools. If we had more than 2 schools then we would gain more recognition. The decision is supported by RGSL administration. It should be students' decision. At the moment there are no representatives from private universities.

SSE Riga: LU owns us partially. Will be discussed with SSE Riga administration.

RGSL: Do you have any problems with your café?

SSE Riga: No, not really.

RGSL: Choir

SSE Riga: We don't know if they have participated in the song festival.
